Performance Management System

December 2023 Examination

Ans 1.

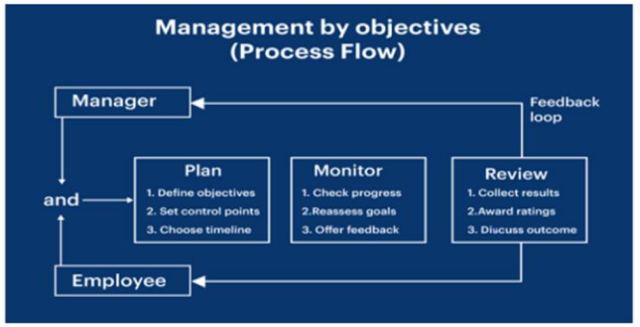

The employee performance appraisal process is crucial for organizations to boost employee productivity and improve their outcomes. Performance appraisals are an annual process where an employee's performance and productivity is evaluated against a predetermined set of objectives.

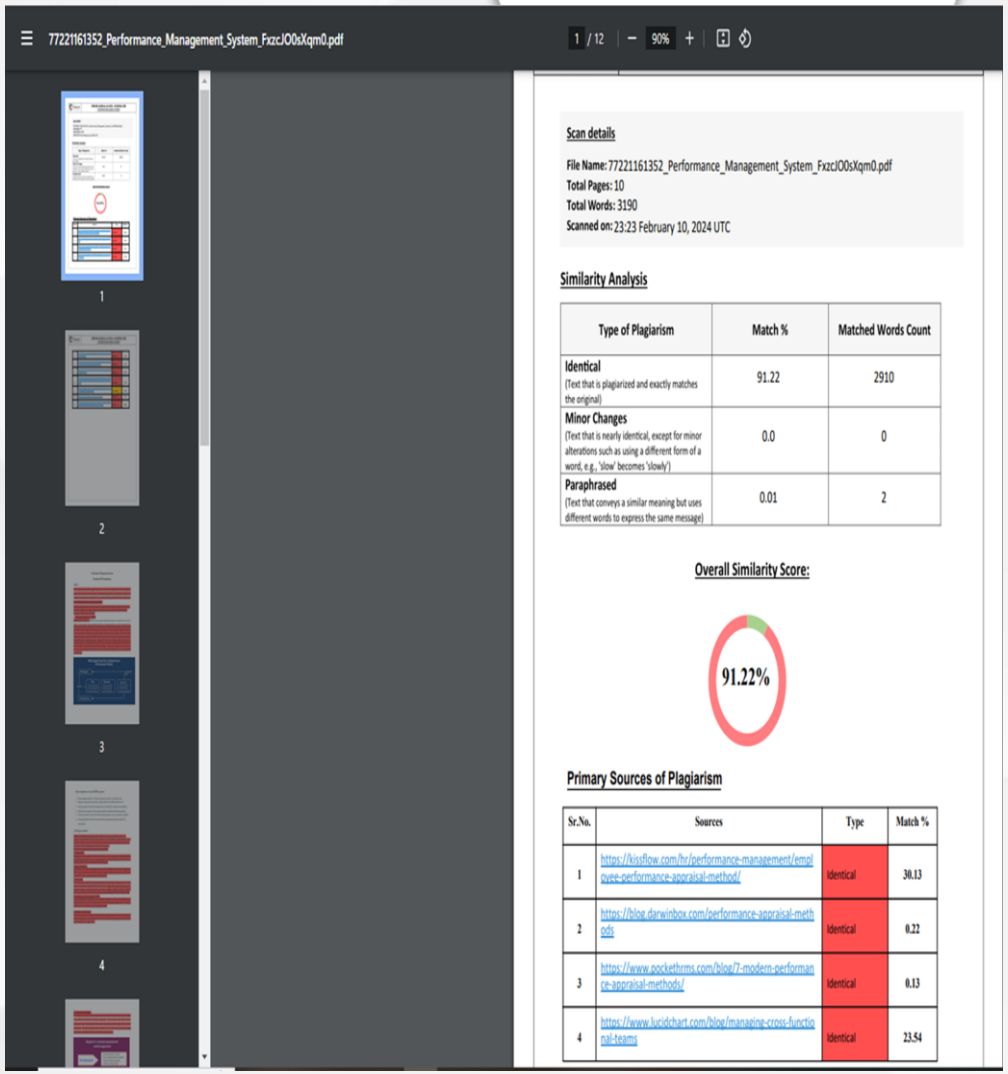

Six modern performance appraisal methods:

With the right performance appraisal method, organizations can enhance employee performance within the organization. A good employee performance review method can make the whole experience effective and rewarding.

1. Management by Objectives (MBO)

Management by objectives (MBO) is the appraisal method where managers and employees together identify, plan, organize, and communicate objectives to focus on during a specific appraisal period. After setting clear goals, managers and subordinates periodically discuss the progress made to control and debate on the feasibility of achieving those set objectives. This performance appraisal method is used to match the overarching organizational goals with objectives of employees effectively while validating objectives using the SMART method to see if the set objective is specific, measurable, achievable, realistic, and time-sensitive. At the end of the review period (quarterly, half-yearly, or annual), employees are judged by their results. Success is rewarded with promotion and a salary hike whereas failure is dealt with transfer or further training. This process usually lays more stress on tangible goals and intangible aspects like interpersonal skills, commitment, etc. are often brushed under the rug.

Dear Student,

Re: Dec-2023 Final Examination, Student ID: 77121441527

It has been brought to our notice by the Examination proctor, which has also been verified by officials of NMIMS, that you have violated exam rules. It has been reported as under:

Sub: International Finance, Exam Date: 03 December, 2023
Incident : Apparently someone else is present in the examination room guiding the student for answers
Video Detail : 1 **Time Stamp :** 00:30:23

The above act of yours indicates adoptation of unfair means which is in violation of the rules of the examination and guidelines issued. As per NMIMS policy, severe penalty would be imposed on the candidates who are found to be involved in the adoptation of unfair means in the examinations.

You are hereby required to provide written explanation and show cause as to why action should not be taken against you as per the rules of the examinations of SVKM's Narsee Monjee Institute of Management Studies (NMIMS). You have to ensure that the said explanation is received by us on or before **21 January, 2024. 23:59 hrs**

If the above charges are proved, the penalty as per the revised policy of the University regarding usage of Unfair Means during Examinations communicated to you on 7 November, 2023, will be imposed.

Post we review your explanation, if required you may be further requested to be present online before the Unfair Means Inquiry Committee as per dates decided by the University.

Action will be taken as per rules, in case you fail to provide explanation before the deadline.
